Mumbai, August 05, 2025: Krystal Integrated Services Limited (KISL), a leading provider of integrated facility management solutions, has been awarded a significant work order from the Maharashtra State Electricity Distribution Company Limited (MSEDCL). The contract, valued at approximately ₹65 crore (excluding taxes and duties) for a period of three years, encompasses the provision of Facility Management Services (FMS) and allied services, including the Operation & Maintenance (O&M) of 33/11 kV, 33/22 kV, and 22/11 kV substations or switching stations across the state.

Under this agreement, Krystal will oversee the seamless operation of MSEDCL's substations, ensuring system uptime, preventive maintenance, and rapid response to faults or emergencies. The company will deploy experienced technical personnel to maintain critical electrical infrastructure in compliance with stringent safety, quality, and regulatory standards. This initiative is vital to ensuring uninterrupted and safe power distribution to residential, commercial, and industrial consumers across the state.

Commenting on the development, Sanjay Dighe, CEO & Whole Time Director, Krystal Integrated Services Limited, said, *"This contract from MSEDCL is a strong endorsement of our technical expertise and execution capabilities in the field. Managing substations involves not only the infrastructure but also the commitment to providing consistent and safe power to communities throughout Maharashtra. Our teams are fully prepared to meet the demands of this project, viewing it as both a responsibility and an opportunity to significantly impact the essential services that people depend on every day."*

This strategic win further strengthens Krystal's footprint in India's public utilities sector and underscores its growing reputation as a trusted partner for mission-critical infrastructure management. The contract was secured in the ordinary course of business and adds to Krystal's expanding portfolio of public sector engagements.
